BODY OF WOMAN FOUND IN TRUNK IN NEW YORK

Letters Found in Room Indicate That Miss Elsie Sigel is the Victim.

NEW YORK, June 19.—Elizabeth Sigel, daughter of Paul Sigel of this city, and grand-daughter of the illustrious Franz Sigel, the German warrior, who enlisted his services with the Union army during the Civil War, is, according to all indications, the victim of one of the most sordid murders in the history of New York. If she is not the victim the police are confronted with a remarkable series of coincidental facts.

Taken from a trunk in a room of a Chinaman above a chop suey restaurant in the Tenderolin, the body in a state of decomposition which makes indentification difficult lies in the morgue. When the story was told Mrs. Sigel with as much tenderness as possible, she cried "My God, Elsie," and fainted.

Sun Leong, proprietor of the restaurant, who also conducted the rooming house above, disappeared shortly after the discovery of the murder, adding further to the mystery. The case has many unusual features, notable among which is the fact tnat a Chinaman had been known to call at the Sigel home, presumably with the sanction of the parents. Eligabeth, or Elsie, was 20 years old and was greatly interested in work among Chinese.

Mr. Sigel arrived at the morgue at midnight. Arrangements were made so that the badly disfigured face could be seen to best advantage, but Mr. Sigel would not say that it was his daughter. In fact, the police say, he declared positively that it was not, but he declined to look at various letters and other bits of evidence which would seem to indicate that it was she.

Late last night three Chinamen were arrested as material witnesses.

Shortly after midnight Mrs. Florence M. Todd, a friend of the Sigel family, called at the morgue and after viewing the body, identified some of the underclothing as that worn by Elsie Sigel.

Mrs. Paul Sigel at 1:30 o'clock yesterday morning when shown the jewelry found in the trunk, containing the body, identified it as that worn by her daughter, Elsie.

According to Mr. Sigel his daughter disappeared from home June 10.

Two days later the family got word from her in Washington saying she was safe and would be home the following Monday, (June 14). Nothing, her father said, had been heard from her since. He gave her age as 20 years.

The locket was sent to the mother of the missing girl for examination.

A number of letters which the police expect will throw light on the case were found in the room where the body was discovered. One written in English addressed to the missing Chinaman who occupied the room, but unsigned, warned him that if he did not stop paying attention to "Elsie Sigel" he would meet a terrible fate.

The other letters found were written by a girl who signed herself "Elsie." According to the police the missives were written in terms of endearment. A silver spangled bracelet upon which were the initials "E. C. S." was found in a dresser in the room. Some text books, a speller and a geography owned by the missing Chinaman, contained rude scrawls of the name "Elsie" such as a person learning to write might make.

A plain envelope addressed to Miss Elizabeth Sigel, No. 209 Wadsworth avenue, New York City, but empty, was also found in the room. A man who described himself as Joseph K. Lang, but who is a Chinaman, called at the Eighth avenue house quite unexpectedly during the night. He said he called to see his cousin, who proved to be the missing Chinaman who occupied the room in which the trunk was found.

Lang said his cousin came from Philadelphia about five months ago.

Lang said he saw his cousin, Elsie Sigel, and her father and mother at a performance at the Chinese theatre three weeks ago.

SEA ISLAND COTTON FIRM THE PAST WEEK

SAVANNAH, Ga., June 19.—The Sea Island cotton market ruled firm all the week, with a fair business done at unchanged prices. The demand was mostly for the higher grades, and some little for choice, but practically none for the lower grades.

Crop accounts in the main continue favorable. There were beginning to appear some complaints of drought, the Sea Island territory having missed the otherwise pretty general rains, but it is believed that the dry districts have recently had needed rains.

Sales for the week were 527 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

TWO ARE BOUND OVER FOR COUNTERFEITING

Brooksville Employer and Employee Will Have to Appear at United States Court.

TAMPA, June 19.—Charles Barnett, a white man of Brooksville, and a negro employed by him by the name of Pete Russell, were Thursday afternoon held by United States Court Commissioner H. L. Crane on $250 bonds for their appearance before the United States court on charges of passing counterfeit money.

On Saturday, June 5, the negro, Russell, was arrested in West Tampa after having attempted to pass ten and five dollar counterfeit coins and when caught in the act, he declared that the pieces had been given him by Charles Barnett of Brooksville who he worked for as wagon driver at that place. Russell, when placed on the witness stand yesterday, gave a very straightforward story of how he had come to Tampa on the day named above, for the purpose as explained to him by Barnett of taking back a mule which the latter said he intended purchasing here. Witness went to West Tampa with Barnett and was there given three ten dollar gold pieces and two or three five dollar gold pieces which Barnett told him to have changed, cautioning him not to try to get them all changed at one place. Witness took one of the ten dollar pieces and went to a nearby saloon to get 25 cents worth of cigars at Barnett's suggestion, but the barkeeper not being able to change the piece he went back to Barnett and as reported, when the latter handed the piece to a white man who was with him and who took it to get the cigars.

Russell then detailed how he had taken one of the five dollar pieces to a West Tampa shoe store and purchased a pair of shoes which were being wrapped up for him when he was arrested by Marshal Logan of West Tampa, who was summoned by the shoe salesman, the latter declaring the coin to be counterfeit.

Russell declared he did not know the coins were counterfeit, stating that Barnett had given them to him with the assurance that they were good in West Tampa, though they would be turned down by the bank in Brooksville.

Barnett when placed on the stand emphatically denied all of Russell's statements, asserting that he was not at West Tampa at any time with the negro, and only passing through that place on his mule without stopping, and at night after 7 o'clock on the evening of the day of the passing of the coin by Russell.

The witness told how he immediately came to Tampa and gave himself up, when learning that there was a warrant out for his arest.

His denial of ever having given the coins to Russell or requesting him to pass it was as emphatic and positive as the negro's testimony that he received them from Barnett.

Friedman, the shoe salesman, who caused Russell's arrest, told of how the latter came into the store and tendered the spurious five dollar coin in payment for the shoes purchased and how he had called the marshal after discovering that the piece was counterfeit.

Marshal Logan of West Tampa testified to arresting Russell and finding the spurious coin on him.

The coin was offered in evidence and fully identified by both Marshal Logan and Friedman, the shoe salesman, as that taken from Russell. The piece exhibited in court evidenced the most bungling attempt at counterfeiting, being covered with a very thin-like plating through which white metal showed at various points on the surface.

Attorneys Solon Turman of this city and J. C. Davant, Jr., of Brooksville, counsel for Barnett, argued that the Government had not shown any testimony to warrant the holding of their client other than the unsupported evidence given by the negro passer of the coin, and asked that he be discharged.

Assistant District Attorney Richard P. Marks very ably contended for the holding of the accused for the United States court, declaring that it was not incumbent on the Government to show positive proof but only probable cause in preliminary hearing before a United States commissioner.

Barnett is a well-known contractor of Brooksville, and the case is creating much interest in this section both on his account and from the fact that considerable counterfeit money both in coin and paper have been in circulation here lately.

Barnett immediately gave bond with S. E. Hope of Tarpon Springs and W. M. Hope of Brooksville as sureties and was released to await trial. The negro also secured bond and was released from custody.

Our Oak Halls Will Meet Cordele Team Tomorrow

Tomorrow afternoon will mark the opening of the baseball season in Gainesville, when the Oak Halls will meet the fast Cordele, Ga., team.

Manager Davis has everything in readiness and states that when the local boys trot out on the field it will be a far stronger team than he had last season. The men he has selected to represent this city are a heady set of players, good batters, fast fielders, and ones that will fight to the last ditch.

The players have been putting in some good practice for the past two weeks and are anxious for the season to open. Pat Graham, the sturdy little short stop, will again be Captain of the team, which is assurance that he will keep his team mates "up and at it" at all times.

"Pop" Watson will do the twirling Monday, and Miller will do the receiving. "Pop" has been playing ball for the past three or four weeks and is in fine condition. He is a hard worker wherever he is stationed, a good batter, and when under fire he is as cool as a cake of ice.

Harry Denton will take care of left field, and very few drives ever get away from that fleet-footed outgardener. Harry Bullock will hold down first base in his usual grand style. Kendricks, Cawthon, Spottswood, Lawson, Miller and others have been showing some class in practice, and no doubt the game tomorrow will be a fast and snappy one.

The Cordele team has a string of victories that would be a credit to any club composed of semi-professionals. They will probably arrive today and they claim they are going to "show up" the local team.

A large crowd is expected to be on hand to witness the "showin'" and everyone is assured of their money's worth when these two strong teams clash.

"Rooters row" will be along the third-base line, where loyal sports will gather, decorated with ribbons, and cheering their favorites.

Following is the line-up for the Oak Halls: Bullock, 1b; Hendricks, 2b; Graham, ss; Cawthon, 3b; Denton, lf; Spottswood, cf; Lawson, rf; Watson, p; Miller, c.

The game is to be called promptly at 3:30. Lee Graham will handle the indicator on this occasion.

AT THE CHURCHES TODAY.

Divine Services Will Be Held at All Places of Worship.

Services will be observed at the various churches of the city today as follows:

Two Young Negro Boys Confined in County Jail

James and Lee Shannon, two young negro boys, are now confined in the county jail upon the charge of being accessories to the murder of their father some weeks since at Alachua.

It will be remembered that Romeo Shannon, the murdered negro, was called to the door of his home one Sunday night and shot with a gun, from which he died, and the very manner in which the boys and wife of Shannon have acted has led the officers to believe that they were in some manner connected with the kill-

Orlando Man Is On Trial For Murder of His Wife

ORLANDO, June 19.—District court is still in session, and most of this week has been taken up with the Childers' case from Ocoee. Mrs. Childers was supposed to have committed suicide, but after her burial the neighbors became suspicious, and reported their suspicions to District Attorney Jones, who had the body exhumed and found so much evidence of murder, and so little of suicide that her husband was arrested, and the grand jury promptly returned an indictment of murder in the first degree.

Prosecuting Attorney Jones is conducting the trial for the State, and Hon. John M. Cheney is defending the interests of the accused. A jury composed of the following citizens will pass on the merits of the case: J. E. Crawford, George Barker, E. F. Beery, T. Atlis, J. J. [illegible], J. M. Swick, J. H. Thompson, P. Macy, T. A. Kilgore, W. K. Curry, P. A. Lewter, T. J. Rooney.

The evidence so far given shows that on May 20 last the alarm was given that Mrs. Childers had committed suicide by shooting herself with a gun. Her body was prepared for burial by the ladies of the neighborhood, who noticed that in addition to the gunshot wound the scalp and face were crushed and cut as though the victim had received blows from a blunt instrument. Physicians were called to examine the body, and they expressed the opinion that the bruises and wounds on the head and face could not have been caused by the gunshot wound. Thursday the court heard the testimony of some of the

MISS LORNA McCREDIE LEADS IN SOUTHERN

POLLS EXTRA HEAVY VOTE DURING PAST FOUR DAYS.

Miss Beal Developing Great Strength in the Central Section, Climbing Up Fast.

The great Co-Operative Contest has shown a heavy gain for the past four days, and the candidates leading have been working hard to poll large votes.

The Gainesville section, which was looking one-sided for the past few weeks, has again picked up in interest, and Miss Beal has shown remarkable strength, making another gain over Miss Addie Goode since the last count.

In the southern section Miss Lorna McCredie goes to first place, while a number of candidates have passed the 200,000 mark.

Miss Hattie Ludwig holds first place in the Western section, and has as a close second Miss Gertrude Guinn of Hague, while a number of them are now in the 100,000 rank.

During the past week The Sun has received several more clubs, and the candidates can greatly assist themselves during their spare time by getting up a list of new subscribers or inducing old ones to renew.

Following is the result of the canvass:

The Phifer-Morris Company announce a big made-to-order suit sale which will be started on Monday morning and continue for ten days for the benefit of customers.

They have the goods on display that the clothes will be made from, and all interested purchasers of clothing should take advantage of this sale by anticipating their future wants.

In connection with the $13.50 sale they also have a line of imported woolens which they will make for $18.50. See their announcement elsewhere in today's paper.

COMPLETED THE JOB.

Culvert Now Completed Over Sweetwater Branch to School House.

W. A. McNally, the contractor, has just completed his job of placing a substantial culvert over Sweetwater branch, on East Mechanic street, leading to the school house.

This work has been needed for a number of years, but one of the most important streets next in order is East Union, which has more travel and receives less consideration from the council than any other thoroughfare of the city.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by all druggists.

Doing a Good Business.

Attention is directed to the change in the advertisement of the Gainesville Engineering Company, with Capt. N. H. Cox as consulting engineer. While this firm has been established only a short while, the great amount of business they are now handling shows that it was much needed in this section.

DENTISTS COMPLETED SUCCESSFUL SESSION

NINETEEN NEW MEMBERS WERE ADDED AT OCALA.

Next Meeting Will Be Held at St. Augustine—Two Members Were Expelled from Association.

OCALA, June 18.—Nineteen new members were admitted during the session of the Florida Dental Association Friday afternoon, all of whom passed the recent examination of the State board.

The reports of the various committees were received and read and business of considerable importance was transacted.

The subject of publicity or advertising created considerable interest and was largely discussed by Dr. Mason of Tampa, Dr. Kemp of Key West and Dr. Chace of this city.

By request, the names of Dr. Estes, Dr. A. T. Stephens and Dr. A. J. Hannah were placed on the honor roll, they having retired from practice.

Dr. Dozier Leitner, secretary of the association, read the report of the proceedings of the last meeting, which was held in Tampa, same being approved and accepted. The treasurer's report showed collections of $525.62 and expenditures of $296.04, and was referred to the finance committee.

Oral surgery was the principal topic before the association at their session last night and several interesting addresses were made. Dr. C. G. Barnett of Arcadia submitted a paper on "Oral Surgery," which proved very interesting and instructive and which was heartily endorsed by the association.

Two members of the association were expelled for unprofessional advertising.

Men Past Fifty in Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." Owns Many Head of Cattle.

James Haile, the successful stock raiser of Arredondo, was in town Saturday and renewed his subscription to The Sun. Jim has been a subscriber to this paper nearly ever since its first issue, which is evidence that he appreciates a good thing and knows how to hold on to it. He is probably the largest cattle owner of his race in Florida, and his credit at the Gainesville banks is A1. He ships large numbers of beef cattle to Jacksonville, but only does so when buyers come to his terms.

SERVED HIM RIGHT.

When Representative Malone left Key West for Tallahassee he was of the opinion that a gopher was a land turtle, but in debate for the protection of that animal before the Legislature, he declared that a gopher belongs to the squirrel or rodent family; he hastily consulted Webster and found that the gopher really belonged to the rodent family. Anxious to find where the gopher belonged he looked up turtle and found that according to Webster a turtle is a gallinaceous bird. In looking up tortoise he saw only the paragraph which stated that it was a military tactic and he gave up in disgust. If a gopher is a gallinaceous bird, and a tortoise is a military tactic, what in all creation is a conch?—Key West Citizen.

While we are moved to a certain degree of sympathy for Representative Malone, a sense of the fitness of things impels us to say that the troubles of the Monroe member were brought unnecessarily upon himself, and he really doesn't deserve any sympathy.

This bill for the protection of the gopher was a purely local measure coming from Pensacola, and he should have let it alone. Pensacola is the home and undisputed dominion of the gopher, and there it has been the inspiration of song and story. It was not supposed that Representative Malone should know anything about the gopher, and he transgressed the bounds of parliamentary propriety by instituting inquiry. How would he like to have impertinent members go into an analysis of a conch?—Miami Metropolis.

If T. Albert Jennings of Pensacola should decide to shy his castor into the political ring next year for United States Senator there will certainly be something doing. This Jennings is a native Florida Cracker with a big brain as well as a large physical body, and he holds an affectionate place in the hearts of the people. He is now national committeeman from Florida, having defeated William Sherman Jennings for the place in the primary of 1908. Keep your eye on T. Albert Jennings of the Deep Water City.

Professor Glenn Terrell of Sumter county is another member of the last Legislature who made good. He was one of the few new members who did not seem to labor under the impression that the salvation of the people rested entirely upon his shoulders. Terrell is a good and able man, and Sumter county did herself proud in sending him to the Legislature.

Let's make the Alachua County Fair next fall the biggest thing of the kind ever seen in Florida. But if it is to be a success the promoters should "get busy" at once. The time is none too long to prepare for the holding of a successful fair. Marion county has been preparing for her next fair ever since the closing of the last one.

Germany has spent $150,000,000 in the last twenty years in development and improvement of inland waterways, and now has 8,278 miles of navigable streams and canals. The United States might well consider this example.

CORN, COTTON AND COPPER.

[illegible] is to [illegible] whether those crops which the year could be worst[illegible] in which sorts of the world's progress and commerce depends than the three grand staples—corn, cotton and copper.

Just at this time whatever there is that is highly optimistic in the American crop outlook takes its coloring from corn rather than from any other crop. It is the tremendous area of this farm-sustaining staple which gives monetary capacity to maintain American farming. Nothing could so completely impair the ability of the six to seven million farms of the United States to support themselves in a good state of up-keep as a failure of the corn crop. Such prospects as the crop now has, with a conservative if not probable yield of 3,000,000 bushels, give a view of hopefulness to the agricultural outlook which has wholly diffused itself by way of anticipation throughout the entire business community.

Cotton has come to be par excellence the fibre of the world's commerce compared with which there is really no second. There are but few countries that do not depend upon the American cotton belt for a share of its 13,000,000 bales. From the most highly developed spinning districts of Europe to the latest mills on the Chinese seaboard, a good American cotton crop spells good dividends and wages to millions of people in civilization far removed from our own. To the domestic grower, to his merchant and his banker, and to those who produce of the things that the rural South consumes, the cotton crop has come to mean an annual expenditure of nearly $700,000,000, a good part of which is surplus available for investment. The heaven of this margin of investment gain is one of the quiet influences which is transforming the whole aspect of the Southern States.

Copper counts in another direction as a factor in progress. Its mission is in the communication of language and light and power. And among the forces that speed the world along its path of desire for improvement there are none that count for more than facilities of economical communication, the ability to diffuse light where darkness reigns and the ingenuity to turn the unharnessed energies of nature into channels which minister to the wants of man. The copper production of the United States was last year not far from a thousand million pounds, over half of which came from two comparatively undeveloped States.

These three staples represent fields of production in which we still enjoy primacy. Nor is the near future likely to wrest from us the position now held. But it devolves upon us now the loss to consider our treasures of nature as if we were trustees rather than prodigal heirs. The wickedness of waste and the worth of enlightened thrift make the only sound governing principle along with our industries can afford to develop. For the growing of corn and of cotton as well as the mining of copper are subject to the law of diminishing returns. This ultimately may mean enhancement of value, limitation of demand and restriction of the scope of supply of human wants. The only escape then is either in finding new natural resources or in the scientific discovery of more effective methods of getting results from the old.

Want advertising is a force which you can harness, and with which you can drive your plans and purposes to any desired destination.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address,

CONSTITUTIONAL AMENDMENT.

The proposed amendment to the constitution of Florida recently adopted by both houses of the Legislature for submission to the voters in the fall of 1910, providing for State-wide prohibition, reads as follows:

Article 1, Sec. 1. The manufacture and sale, barter or exchange of all intoxicating liquors and beverages, whether spirituous, vinous or malt, are hereby forever prohibited in the State of Florida, except alcohol for medicinal purposes, the sale for the purpose aforesaid shall be regulated by law.

Sec. 2. The Legislature shall enact suitable laws for the enforcement of the provisions of this article.

Sec. 3. This article shall go into effect on the first day of July, A. D. 1911.

This amendment will be voted on in November, 1910, and in case of its rejection the present local option law will still prevail. If it carries, all places where liquor is handled must close July 1, 1911.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all druggists.

PRIESTLY PARKER SHOOTS F. DeBOSE

TROUBLE OCCURS OVER LETTER RECEIVED BY PARKER'S WIFE.

Parker Earns Good Reputation Among the White Citizens by Whom He Is Employed.

Priestly Parker, a colored drayman born and reared in this city, on Saturday shot and mortally wounded Fletcher DeBose, another darkey who has practically been raised here.

From what could be learned of the case, and from Parker's own statement, the affair started over a note being received by his wife signed by DeBose. They made for each other so eye-witnesses state, without having any words over the matter, which indicates that they must have previously met and had words in regard to the letter.

Parker stated to the reporter that his wife received the insulting letter, and he went to DeBose's place of business to ask him about the matter, when DeBose threw him against the side of the house, when he (Parker) pulled his gun and fired. There was nothing further except his arrest by W. G. Richardson and J. D. Stringfellow, who turned him over to Deputy Sheriff W. C. Hague.

DeBose's cousin was seen and stated that Parker came up to the shop with a brick. He advanced to the door and asked DeBose about the letter, and immediately pulled his gun, fired and ran off.

The physicians in attendance stated that the ball entered to the left of the medium line, went through the intestines in three different places, and as it could not be located must have lodged somewhere near the kidneys.

Although DeBose has strong physique, the wound is probably fatal. He stood the operation upon the table for two hours and at the time the work was finished showed a very strong pulse.

Parker has been employed by nearly every citizen of Gainesville in his capacity as drayman. He has attended to his own affairs, and was generally liked by the white citizens, whom he depended upon mainly for his support.

DeBose belongs to a large colored family who are above the average, and has a number of friends who trust that the wound will not prove fatal.

NATURE TELLS YOU

As Many a Gainesville Reader Knows Too Well.

When the kidneys are sick,
Nature tells you all about it.
The urine is nature's calendar.
Infrequent or too frequent action;
Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

People in this vicinity testify to this.

Jos Eckert, Thompson street, Starke, Fla., says: "I am very glad to recommend Doan's Kidney Pills as they proved of great benefit to me. The passages of the kidney secretions were irregular and when the secretions were allowed to stand they deposited a sediment. My back ached intensely and was very lame and sore, making it hard for me to stoop or lift. I could not rest well and mornings upon arising I was tired and worn out. I at length heard of Doan's Kidney Pills and deciding to give them a trial, I procured a box. This remedy effected a complete cure. The backaches and the lameness disappeared and my kidneys became normal."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States.

Linen Shower.

Miss Bessie Bunch, in honor of her friend and neighbor, Miss Bessie Kelley, tendered a reception at the home of Dr. and Mrs. J. L. Kelley on Saturday evening for another of the pretty June brides. The occasion was a linen shower for the bride-to-be, and the presents were all arranged in a large umbrella, the ribbons which threw the umbrella and showered the bride being pulled by Misses Williams and Bunch. Many choice gifts by loving friends were presented, and after a careful inspection by the party they were invited to the dining-room, where a lovely ice course awaited them.

BRADFORD COMPLETES THE CITY TAX BOOKS

WILL SHOW NICE INCREASE IN PROPERTY HOLDINGS FOR 1909.

Now Thought That Assessment Will Total About Two Million Valuation on City Proper.

City Tax Assessor W. M. Bradford has completed his books and will have them ready to turn over to the council at their next regular meeting.

He has been very aggressive in his efforts of securing the proper return on city property, and wherever it was possible he met the owners in person, that they might give in their own returns at a fair valuation.

While the totals have not been footed up it is the opinion of Mr. Bradford and his assistant that it will reach $2,000,000, a very nice increase over the showing made last year, and which is a good showing for the advancement of Gainesville.

There will necessarily be some changes made in the books before they are yet ready for delivery to the council, but it is not thought that it will effect this showing to such an extent as to figure much with the total footings.

Assessor Bradford has been employed on this work now for a great many weeks, and feels that he has not slighted anyone by not having visited them, but in case he has overlooked someone he would especially desire that they call on him at the court house, so he can adjust his books satisfactorily before having them approved by the council.

A Hurry-Up Medicine.

Every housekeeper recognizes the need of effective remedies to be used in emergencies—when something must be done right away. Such a remedy is Perry Davis' Painkiller, for sprains and bruises, for strained muscles and for the aches and pains resulting from blows and falls. Burns and cuts are instantly relieved by it and helped to healing. Its mission of mercy began seventy years ago. It is used in all countries and millions of bottles are sold annually. New Arrival of Goods Makes Monday Shopping Interesting.

The G. W. Hyde Company announce a new arrival of goods which will all be added in their great Mill End Factory Sale, which is attracting attention in all sections of the county.

The shipment for this mammoth sale consists of sixty-eight cases, with a total value of over $12,000, and this will give you some idea of the amount of business they will do during this ten days of bargain giving.

They call special attention to their ready-to-wear department, which is a paradise for the ladies, and the bargains offered will prove a revelation to them. Read their page ad. elsewhere and remember them when on your shopping tour Monday.

BONNIE MELROSE.

MELROSE, June 19.—Mrs. A. G. McGregor and Miss Leila McGregor entertained their Sunday school classes with a watermelon feast on Tuesday afternoon. All the "kids" report having had a lovely time.

The Melrose Manufacturing Co. is having a large lighter built to be used in the transport of naval stores across the lakes. A gasoline launch will furnish the motive power.

Melrose Camp, W. O. W., is increasing rapidly. Six new applications for membership were received lately.

On Wednesday quite a crowd went from here to attend a picnic at Lake Geneva and to meet an excursion from Lake City, which did not materialize.

A large swarm of bees was observed going over the town on Thursday afternoon.

Miss Addie Harris, a native of Tennessee, who has been an invalid for a long time, died suddenly on Wednesday night at the residence of her brother-in-law, R. V. Mathews. The funeral took place at Elliam Cemetery on Thursday afternoon, Rev. Barr officiating.

Several good rains fell during the week, but a few more are needed.

A Surprise to All.

The Electric Theatre opens Monday night under the management of H. K. Wellington, formerly of the Baird Theatre. A new ice tanning device will be installed Monday, making this the coolest place of amusement.

The services of the Woltz Orchestra have been employed to play nightly. New flickerless pictures produced by new machine. Illustrated songs, and every week, beginning June 21st, vaudeville will be given. This week Agnes Teanlen, a charming song and dance artist who has played Keith & Proctor's circuit, the largest circuit in vaudeville. Strong acts are engaged. This will be a surprise to lots of theatre-goers.

Ice water will be served through the audience. This house will be run strictly as an up-to-date place, where ladies and children will be respected at all times. No acts not suitable will be tolerated at this house.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.
I know woman's sufferings.
I have found the cure.
I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or Whites, Ulceration, Displacement or Falling of the Womb, Prolapsus, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment in your own, entirely free, in plain wrapper, by return mail. I will also send you, free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment, in plain wrapper, also the book. Write today, as you may not see this offer again. Address

NEWS FROM ALL PARTS OF FLORIDA

Petty thieves continue to molest the residents of Palmetto.

The Seaboard refuses to join the other railroads entering Tampa in establishing an up-to-date union depot in that city.

Miss Lillian Wilmott and Mr. D. E. Fishback were married at Orlando on June 16th. The bride is one of Orlando's most lovely women, while the groom is a popular young man of Lexington, Ky. They will reside in Jacksonville.

Alligator hunting at night is all the rage now, and many of the saurians are being killed in and around Sixty Foot. There is a good demand for the hides. We are not one of the believers in protecting the alligators, and hope the last one of them in Lake Tsala Apopka will be killed.—Inverness Chronicle.

Mr. J. A. Putnal surprised his many friends by slipping off to Mount Vernon, Indiana, on June 6th and returning last Thursday with a bride. The wedding occurred on Wednesday of last week at Mount Vernon, and the happy pair immediately left for Perry, where they are now domiciled in the groom's home.—Perry Herald.

Fishing and boating parties on the lake are now quite numerous, and many fish are being caught. Monday evening we saw a man and his wife out on the lake, the former rowing and the latter trolling, and they caught several fine trout. The lake is Inverness' smoke-house and cold storage, from which meat can be obtained at any time without money and without price.—Inverness Chronicle.

Rev. H. W. Tribble, of Charlottesville, Va., is the new president of Columbia College, Lake City. Dr. Tribble is said to be a man of splendid education, having received his full college degree, also completed the course at the seminary at Lousville. He is a strong man, physically and mentally, in the prime of life, and has a long and successful experience as a teacher to his credit. He comes to Florida impressed with the possibilities of Columbia College, determined to throw his whole life and activity into his work.

A Good Roads Booster.—Col. Bruce Haldeman, of The Louisville Courier-Journal, is noted for his big-hearted generosity as well as for his trenchant editorial pen. As an added stimulus to the good roads agitation, he made the county commissioners of the county this proposition: If they will build a good hard road from Fort Myers, through Estero, to Naples on the Gulf—a distance of about forty miles—which should not cost more than $1,500 per mile, he would pay one-third of the whole cost—or about $20,000. This proves the faith of Col. Haldeman in South Florida, and especially indicates his belief in a brilliant future for Naples on the Gulf. In this connection it is interesting to recall a bit of history which gave Naples more renown than even the fact of its being the winter home of Col. Henry Watterson, also of The Courier-Journal, and of Miss Rose Cleveland, the accomplished sister of the lamented only Democratic President since the Civil War. Several years ago a commission was appointed by the Government to select a site for the Old Soldiers' Home, which has since been located near Kissimmee. Naples on the Gulf was a prominent aspirant for the honor, which was refused, however, it is said, because the health statistics showed that Naples was such an alarmingly wholesome place that the old soldiers might never die—but that is a mere rumor.—Tampa Tribune.

AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles, causing backache, irregularities, dizziness and nervous prostration. It was impossible for me to walk upstairs without stopping on the way. I tried three different doctors and each told me something different. I received no benefit from any of them, but seemed to suffer more. The last doctor said nothing would restore my health. I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and I am restored to my natural health."—Mrs. ETTA DONOVAN, Box 209, Willimantic, Conn.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by all druggists.

Preacher's Daughter Too.

A Cleveland minister has three daughters, the youngest one only five years old. The other day the child's nurse reproved her.

"If you talk to me that way again," spoke up the five-year-old, "I'll say something to you, and it'll have a L in it." Then, as an afterthought, "it won't be lily either."—Cleveland Plain Dealer.

Lame shoulder is almost invariably caused by rheumatism of the muscles and yields quickly to the free application of Chamberlain's Liniment. This liniment is not only prompt and effectual, but in no way disagreeable to use. Sold by all druggists.

A Quick Shift.

Choleric Old Gentleman—Miss, if that fool boy of mine marries you—Young Woman (raising her lovely eyes to his)—Well, Mr. Scadley? Choleric Old Gentleman—Er—well, dash him, I can't blame the boy.—Chicago Tribune.

Foley's Honey and Tar is especially recommended for chronic throat and lung troubles and many sufferers from bronchitis, asthma and consumption have found comfort and relief, by using Foley's Honey and Tar. J. W. McCollum & Co.

Talleyrand's Reply.

Napoleon once said to Talleyrand, "I wish I had the keys to hell, for I could then put you in there." The reply was, "It would be better, sire, that I should have them, for then I could let you out."

He who knows little soon tells it.—German Proverb.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle according to directions, your money will be refunded. It is up to you to try. Sold by all druggists.

BEARS GENERALLY JOLLY.

But Somethnes One Comes Along With a Settled Grouch.

"Rarely are bears born ill tempered. They may show some resentment at the time of their capture when but two months old, but this feeling soon disappears, leaving a jolly rogue ever willing to box and wrestle. I once knew a cub that was a regular terror," says a writer in Collier's, "and he never reformed. He would attack anything regardless of its size or strength.

"At the age of three months he would charge at me, snorting, sniffing and striking with his tiny paws, and when I did not protect myself he seized my trousers leg between his teeth and shook it violently.

"At first I thought that he had been abused by his former owner and that by kind treatment he would soon outgrow his temper; but, no, he just had it in him, and he became more and more dangerous as time sped by.

"Finally he grew large enough to be put in with the mature bears without danger of his squeezing between the bars and escaping, and to the surprise of every one he immediately took charge of the den. Old bears twenty times his size, possibly from some sense of honor, if animals have honor, submitted to cuffs and slaps in the face and actually allowed him to snatch food from their mouths without resenting the insult."

A CLEVER SWINDLE.

Ingenious Scheme Worked by a Parisian Vagabond.

The manager of a fashionable Paris restaurant fell into a neat trap not very long ago. A man named Daval, who had only recently been released from prison, called a cab and told the driver that he was the Count d'Abbeville and that he had bet a friend a large sum of money that, dressed in a tramp's rags, he would eat a dinner at one of the most exclusive hotels. If the cabman would arrange the matter for him with the manager of the hotel the count would pay him handsomely.

The cabman drove up to a luxurious restaurant, took the manager aside and whispered the information that his disreputable looking fare was really a count in disguise and then related the story of the bet. The manager fell into the trap, and the ex-prisoner was served with an excellent dinner with many wines.

The meal over, the man declared that he was no count and that he had no money. The manager laughed heartily at the splendid way his guest played his part, but by and by the truth dawned on him. A policeman was called in, and the ingenious swindler was led away, imperturbably smoking a five franc cigar.—New York Sun.

Many of our citizens are drifting towards Bright's disease by neglecting symptoms of kidney and bladder trouble which Foley's Kidney Remedy will quickly cure. J. W. McCollum & Co.

Past Tenses.

"It ees, however," said the distinguished foreigner as he concluded his story, "simply a matter of heardsaid."

"You mean 'hearsay,' of course, count?"

"Ah, but zis was told me some time ago!"—New York Journal.

Tactful.

"Whatever made you make Brackins a present of a pocket comb? He's as bald as a billiard ball."

"That's just it. I want to make him think I never noticed it."

The Only Difficulty.

"The world owes me a living."

"That's all right, old man, as long as you can get somebody to stake you while you are trying to collect the bill."—Boston Herald.

S.S.S. CURES BLOOD POISON

Removing the symptoms is not all that is necessary to cure Contagious Blood Poison. The virulent germs which produce these outward manifestations must be completely driven from the blood before a real cure can be effected. The least taint left in the circulation will, sooner or later, cause a fresh outbreak of the trouble, with all the hideous symptoms of ulcerated mouth and throat, copper colored splotches, falling hair, sores and ulcers, etc.

Contagious Blood Poison is the most treacherous of all diseases. It has its victims in its power almost before they realize its presence, because its first symptom is usually a little sore or pimple so insignificant that it does not excite suspicion. But the insidious poison is at work on the blood and in a short while the patient finds he is more or less affected from head to foot.

Contagious Blood Poison is too dangerous to trifle with. No time should be lost in ridding the blood of this destructive poison, and in no disease is it more important to have the proper remedy. Medicines which merely check the symptoms for a time and leave the real cause smouldering in the system have brought misery and disappointment to thousands. Faithfully the sufferers took such treatment, usually of mineral nature, and when all symptoms had disappeared and the treatment was left off, found the virus had only been shut up in the system awaiting a favorable opportunity to return, with every symptom intensified.

S. S. S. cures Contagious Blood Poison and cures it permanently. It goes down into the blood and removes every particle of the poison, makes the circulation pure and healthy, and does not leave the slightest trace of the disease for future outbreaks. S. S. S. is made entirely of roots, herbs and barks, all of which are healing and cleansing in their nature. It does not contain a particle of mineral in any form to injure the delicate parts of the system. S. S. S. will also drive out any lingering remains of mineral poison that may be in the blood from the former treatment. If you are suffering with Contagious Blood Poison S. S. S. will cure you, because it will purify your blood. Home treatment book and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CURED SOUND AND WELL.

Dear Sirs:—I didn't find out that I had contracted Contagious Blood Poison until it had made considerable headway, and fortunately for me the friend that I first consulted had had some experience with the disease, and advised me to take S. S. S., so I didn't fool with any doctors, but began at once the use of your medicine, taking it as directed. My friend told me to stick to it, and that was what I did and got along splendidly from the very first, and my recovery was rapid. I took a number of bottles, and am now as well as ever. When I began S. S. S. my face was so full of sores and eruptions that I could not shave, and now there is not a blotch or pimple on my body. There is nothing in the world that can beat S. S. S. for Blood Poison, and I always recommend it for such cases. A friend of mine is taking it now, and is getting along nicely.

WALTER WEBER.
204 Oakley St., Evansville, Ind.

COVERED WITH SORES.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good, I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass.

H. L. MEYERS.
50 Clinton Street, Newark, N. J.

THE USUAL SYMPTOMS.

Having used S. S. S. quite extensively, I am in position to know its virtues. As the result of a serious blood disorder my blood became poisoned and I suffered severely with Rheumatism and other symptoms not necessary to mention. A friend told me he had been cured of my trouble by S. S. S. and upon his recommendation I began its use. After using it for some time my blood was thoroughly cleansed of all poisons and made pure and strong again.

I wish also to speak of its tonic properties. It built up my general health, it improved my appetite, gave me increased strength, and I felt better in every way. I am a great believer in S. S. S., and with pleasure recommend it to all who need a good blood medicine.
